ABOUT THE SPC

The Suburban Purchasing Cooperative is a joint purchasing program sponsored by the Northwest Municipal Conference (NWMC), DuPage Mayors & Managers Conference (DMMC), South Suburban Mayors and Managers Association (SSMMA), and Will County Governmental League (WCGL). Together the SPC represents 145 municipalities and townships in northeastern Illinois.

All public agencies as defined by the Illinois Governmental Joint Purchasing Act, as well as not-for-profit agencies that qualify under Section 45-35 of the Illinois Procurement Code, are eligible to participate in SPC joint purchasing programs.

ILL COMP. STAT. ANN §220/2. Definitions for the purpose of this Act: The term "public agency" shall mean any unit of local government as defined in the Illinois constitution of 1970, any school district, any public community college district, any public building commission, the State of Illinois, any agency of the State government or of the United States, or of any other State, any political subdivision of another State, and any combination of the above pursuant to an intergovernmental agreement which includes provisions for a governing body of the agency created by the agreement.

The SPC exemplifies the benefits of intergovernmental cooperation on a regional basis. The goal of the SPC is to combine the resources and purchasing power of governments and not-for-profit entities to jointly negotiate advantageous contract terms on a line of high quality products at the lowest possible price.

Economies of scale in terms of pricing and staff resources are the prime objectives of the SPC Joint Purchasing Program. By purchasing through the SPC, participants not only save money but time as well. Acting as an extension of the purchaser's staff, SPC staff works diligently in order to avoid the needless duplication of effort through in-house coordination of several functions involved in the procurement process.

Illinois statues, 525/2 from Ch. 85, par. 1602. (Governmental Joint Purchasing Act), authorizes that any governmental unit may purchase personal property, supplies and services jointly with one or more other governmental units. All such joint purchases shall be by competitive solicitation as provided in Section 4 of this Act.

Since 2007, the SPC Program is centrally operated by the Northwest Municipal Conference with shared program oversight by the SPC Governing Board and SPC Technical Review Committee.

AMBULANCES

Product Information - **Contract #133**

2017 Ambulance Price Increases

The SPC Governing Board has agreed to 2017 Horton Type I Additional Duty Ambulance Contract #133 price increases due to chassis increases to Foster Coach, Sterling, IL. The 2017 prices include the addition of the 4-point harness for seating areas in the patient compartment, making it safer for the attendant in the back of the ambulance as mandated under Federal and Illinois Specifications. The contract is in effect through December 31, 2017. The increases are as follows:

CHASSIS PER SPC SPECIFICATIONS	2016 PRICE	2017 PRICE
2016 Ford F650	\$266,458.00	\$267,933.00
2016 Ford F450 4 x 2	\$232,956.00	\$235,926.00
2017 International 4300	\$266,475.00	\$267,907.00
2017 Freightliner M2	\$260,385.00	\$263,930.00
2016 Dodge D4500	\$244,706.00	\$245,611.00
2016 Ford E450 Cutaway	\$208,019.00	\$209,099.00
2016 Ford F550 4 x 2	\$233,911.00	\$237,016.00

The International TerraStar chassis is no longer available.

Federal and Illinois Specifications now require the installation of a 4 - point restraint in EACH seating position in the module (including the primary attendant seat) for a total of (5). I have included the cost of the new 4-point restraint system (\$450 per position) in the base price. Please note that Horton's 4-point restraint system includes a convenient single-buckle design and a padded safety vest as standard. The safety vest itself is exclusive to Horton and provides a comfortable fit for the occupant(s). If there is no CPR seat, a credit will be provided.

A Stryker Power Load, Stryker Performance Load, or Ferno Stat Trac cot fastening system is recommended as an additional option to meet the Federal Standards, but none of these systems is currently required in Illinois. It should be anticipated that this requirement may change in the near future. The most popular system, the Stryker Power Load (an additional \$24,933.00) requires the use of a Stryker Power cot (purchased separately). A Stryker Performance Load system (with optional inductive charger) would be \$7,098.00. To date, we have not sold any of the standard Ferno Stat Trac systems included in the base price. A credit of (\$1,547.00) will be deducted to delete the Stat Trac from the base unit.

DIESEL FUEL INCLUDING GASOLINE (87, 89 & 92 OCTANE), ETHANOL 75 & 85 and B2 BIO DIESEL FUEL

Product Information - Contract #159

The SPC Governing Board is pleased to announce the award of the first of three possible one-year contract extensions for Gasoline, Diesel Fuel, Ethanol and Bio Diesel Fuel (Contract #159) to Minority Business Enterprise (MBE) Gas Depot Oil Company, Morton Grove, IL from July 6, 2017 through July 5, 2018.

Gas Depot has met the requirements for certification as a bona fide Minority Business Enterprise (MBE) as defined by the National Minority Supplier Development Council, Inc. (NMSDC) and as adopted by the Chicago Minority Supplier Development Council, Certificate Number CH2656. The SPC supports supplier diversity and encourages all of our members to utilize this contract to enhance community values, increase MBE spend and meet compliance requirements.

OFFICE SUPPLIES

Warehouse Direct - Contract #R141701

The Suburban Purchasing Cooperative (SPC) Governing Board has awarded a contract extension to Office Supplies Program via Warehouse Direct through Independent Stationers that piggybacks onto The Cooperative Purchasing Network (TCPN) Contract R141701 solicited by lead agency, Texas Region 4 Education Service Center (ESC).

All TCPN contracts are competitively bid, evaluated, approved and awarded by a governmental entity serving in the lead agency role. The Cooperative Purchasing Network ("TCPN") assists the lead public agency, Region 4 ESC, in helping other public agencies and non-profits reap the benefits of national leveraged pricing, with no additional costs to the participants.

The SPC contract extension shall be in force through February 28, 2018. The SPC reserves the right to extend the contract for the duration of the Region 4 ESC/TCPN contract, upon mutual agreement of both the vendor and the Conference on a negotiated basis.

Ordering Information - Office Supplies

Please contact either Spencer Touchie or Rick Schackle, or their respective customer service contacts, Kathy Johnson 847-631-7194 or Margaret Dawson 847-631-7177.

Pricing

<u>Item Description</u>	<u>UOM</u>	<u>2017</u>
4" Line	LF	\$0.49
6" Line	LF	\$0.72
12" Line	LF	\$1.44
24" Line	LF	\$3.60
Letters & Symbols	SQ FT	\$3.34
Marking Removal	SQ FT	\$0.41

Note: All unit prices are per foot, except Letters & Symbols and Removal, which are priced per square foot.

This award is not in conjunction with the Illinois Department of Transportation, so participating communities may not utilize Motor Fuel Tax (MFT) funds. However, Superior Road Striping must comply with all IDOT rules and regulations, as well as prevailing wage and certified payroll.

VEHICLES

The SPC offers the following vehicles: administrative vehicles, pick-up trucks, chassis cabs, sport utility vehicles, police pursuit vehicles, street sweepers, sewer cleaner trucks, cargo van and also hybrids. Each vehicle is listed with a base unit price, additional options are available. Vehicle specification sheets that include pricing and additional options are emailed to SPC members.

Each vehicle purchased will be assessed an administrative fee that is payable within the dealer's invoice (Administrative fees for Street Sweeper is \$400 & Sewer Cleaner Trucks are \$750).

*Please note that order cut off dates are sometimes extended by the vehicle manufacturer. Call the dealership salesperson for further information.

AUTO PARTS PROGRAMS

We are pleased to announce two new SPC programs. The SPC Governing Board has approved piggybacking onto National Joint Powers Alliance (NJPA), Staples, MN Agreements for NJPA Contract #061015-GPC NAPA (Genuine Parts Company -IBS) Auto Parts and Inventory Management (SPC Contract #168), and NJPA Contract #031212-GPC NAPA (Genuine Parts Company) Vehicle Auto Truck Parts (SPC Contract #169). The agreement commences February 8, 2017 and will continue through the term of two years. This Agreement may be renewed for one additional year, by mutual agreement of the parties, in writing, at any time prior to the end of the initial term.

NJPA's cooperative contract purchasing leverages the national purchasing power of more than 50,000 member agencies while also streamlining the required purchasing process. As a municipal national contracting agency, NJPA establishes and provides nationally leveraged and competitively solicited purchasing contracts under the guidance of the Uniform Municipal Contracting Law.

Product Information - Contract #168

NJPA Contract #061015-GPC NAPA (Genuine Parts Company-IBS) Auto Parts and Inventory Management

NAPA-IBS supplies on-site and offsite vendor managed inventory operations with government fleet and warehousing facilities. NAPA-IBS can provide key added-value assistance to government fleet organizations to help their shops parts operation run smoothly and efficiently.

NAPA Auto Parts, utilizing their own resources and strategic partnerships with numerous additional local and national resources currently provides parts, service and expertise necessary to provide a reliable and complete "dedicated" on-site source of repair parts and services for SPC members to:

- Achieve a significant reduction in administrative procedures.
- Reduce transactional costs through centralized billing across multiple vendors.
- Deliver increase in on-demand parts availability.
- Drive increased fleet technician performance.
- Reduce vehicle downtime in fleet operations.
- Eliminate obsolete parts and shrinkage costs through efficient parts room management technologies.
- Significantly reduce the cost of parts and warehouse inventory ownership.
- Provide a turn-key sourcing solution service that will enable government agencies to operate the repair and warehouse facilities more efficiently, resulting in savings of funds through cost avoidance.

Product Information - Contract #169

NJPA Contract # 031212-GPC NAPA (Genuine Parts Company) Vehicle Auto Truck Parts

Brings more than 400,000 NAPA Parts and Accessories to contract purchasing. NAPA is the leader in automotive & truck replacement parts, auto-body & paint products, tools & equipment, specialty parts, accessories, and service items. Two-hour delivery is generally available throughout the U.S. from 6,000 stores in all 50 states. Non-locally stocked products generally ship next day from 59 distribution centers. Utilizing NJPA's national, competitively bid contract gives technicians the parts they need, when they need them, saving time, money, and satisfies all SPC bidding requirements.

Maureen Knight (NJPA Contract Administrator for the NAPA contracts) will be providing additional information near future to discuss launching the contracts through this agreement. In the meantime, more information may be found on our website at:
